We are very grateful for the ability to provide our students with clients in a timely manner during internship. THE SCHOOL FURNISHES OIL, TABLES, SHEETS and PRIVATE ROOMS during internship. In an effort to promote professionalism, students are required to wear scrubs **or** slacks and a shirt with a collar during the internship, and to look professional.

Here students are NOT REQUIRED to purchase a massage table or join any organization. No money is deposited with our school for state testing or licensing but instead those fees are paid directly to the testing service and the state licensing department.

You are invited to visit the school, sit in on a class or purchase massage from either a student or a licensed therapist. You are also welcome to contact any of our graduates and to ask them about their experience here at the North Texas School of Swedish Massage. We do our best to make you feel secure and comfortable.
